I would describe Amrapali as exciting and dynamic. The best thing about pursuing MBA program is the number of additional opportunities that are available. I was initially attracted by the school's reputation, and my career goals.

To any new student coming to Amrapali, I would say this: Throw yourself at every opportunity that comes your way. Opportunities make all the difference between getting what you want.

We take extreme pleasure in getting associated with Amrapali for recruiting students for Religare. This is our first campus drive with the students of Amrapali and we have found that all students are very informative with a great level of understanding of the subject matter. We truly appreciate the combined efforts to set up an exclusive placement division to benefit both your students and the companies. We anticipate your extended service for fulfilling our manpower requirements in a long run.

Visiting Amrapali Group of Institutes has always been a matter of great privilege. I have earlier hired BBA and MBA students during my stint with Religare Health Insurance. This time I represented Aditya Birla Capital, Mumbai and just like ever before it was fascinating to find and recruited students with high calibre of education, discipline and skills. We are happy to continue this association in future as well.
