FACULTY OF COMPUTER SCIENCE & APPLICATIONS
AMRAPALI GROUP OF INSTITUTES

MESSAGE FROM DIRECTOR

I am delighted to greet the students, faculty and staff of FCSA through the Director's column of the Newsletter. I have a very definite vision for FCSA which I hope to implement with the total commitment of the teaching and nonteaching staff of the Institute. Let us never forget that our students are our raison d'être. Our goal is to see that FCSA shines in all areas of academic excellence. Administrative efficiency is another very important goal. It is vital that we get our priorities right in order to make FCSA one of the best in the Uttarakhand region, and, eventually, in the entire country. To achieve this goal the FCSA creates enthusiasm for learning among the students and tries to produce skilled lifelong learners who can successfully thrive in highly competitive global society. Our students persistently show by their achievement and conduct that it takes a pride to be the part of FCSA.

Dr. M. K. Pandey
Director,
Faculty of Computer Science & Applications

Ms. Sneha Bhauryal
Ms. Poonam

Work Shop on "Creating Network Using Packet Tracer"

The workshop on "Creating Network Using Packet Tracer" Was organized by Mr. Pramod Kumar Joshi, Asst Prof FCSA, which was attended by the number of students of various nearby colleges .

The main focus of workshop was importing deep and pragmatic scope of Networking along with Cisco Routers and Switches by the help of Packet tracer and wire shark software.

Painting and Collage Competition

On the spot painting and collage competition was organized by FCSA based on the theme Digital India And Clean India under the expert guidance of Mr. A.B.Khare & Mr. Ankush Joshi Students from varied schools of Haldwani participated with great enthusiasm to paint their thoughts on canvas. The competition was judged by Mr. H.V. Pant and Mrs. Neetu Singh.

10 Years of Accomplishment

Words cannot pen the contribution and esteemed guidance showered by our warriors in academics, without whom the journey would have been incomplete, Thank you faculties for your precious time.

Workshop on Personality Development and Motivation

A workshop on "Personality Development and Motivation" was conducted by department to enhance the confidence level of students & develop positive thinking and right attitude. So bridge the gap between a student and a professional various other factors like team handling, self esteem, effective speaking etc. was stressed on. Around one hundred students of faculty of computer science and applications participated in the workshop with high spirits and shared their positive feedback at the end of the session.
